

The Myriad Promise

With the Myriad Promise, we partner to ensure your satisfaction.

At Myriad, we believe every patient should have access to the highest quality genetic testing because we know how useful it is in helping healthcare providers deliver the best medical care.

When one of our tests is ordered for you, we will work with your insurance provider to help you get the appropriate coverage allowed by your plan.

If your out of pocket expense will exceed \$375, we will call you before processing your test to discuss payment plan options that are available to you.

We won't call if your bill will be less than \$375, but if you have concerns about your bill, you can contact us directly and we guarantee that we will work with you to come up with an option that's right for you.

We are committed to make sure that test results are accurate, timely, and financially accessible to everyone.

What does this mean for you?

- When your doctor feels you should have genetic testing to help you get the best possible care, you can proceed right away, feeling confident that the costs will be manageable.
- No surprises. If your bill will be more than \$375, we'll call. You can work with us to come up with a payment plan that meets your needs.
